

RESOURCES FOR LAW ENFORCEMENT AGENCIES

- **New officer family introduction video** (free—on website)
- **Starter kits** for new officer families (\$10)
- Bulk rate on our **books** for families/officers
- **Family program handbook**, consultation with the author
- ****Brand new****: **Hospital Resource Guide** for wounded officer family members. This is a binder that assists the caregiver of a wounded officer through the myriads of details when an officer is significantly injured. Created by a wounded officer spouse. This is so new we don't have a price yet (we only charge our costs)!
- **Home Watch Conference**: We can bring our conference to you—this day brings it all. We bring in amazing speakers, create connections with others, provide good food, laughter, and loads of encouragement throughout the day. It is a positive experience that turns hearts and minds towards home, yet wholeheartedly supports the career. Cost is dependent upon location, as it includes travel and lodging for our team.
- Coming 2025: **Family Field Training**—three seminars that progress from brand new officer families to 3-5 years on the job. This training for families begins with readiness at the beginning of the career, moves to resiliency after break-in, then a deeper resiliency training that goes into navigating relationships if trauma affects the home. We will offer these two ways—a train the trainer course for your department personnel, or you bring in our trained speakers.
- **List of our recommended speakers** for your events and trainings.
- **Pray for the Patch**: Send your patch to us and we will pray for your department specifically. All patches are then displayed at our events as a reminder to pray again and again.

FOR LAW ENFORCEMENT FAMILIES:

- Our **Non-emergency Family Helpline** is available to all law enforcement family members 24/7. Our call takers are all ICISF trained peers. 1 (737) 7-FAMILY
- Our **website** offers a host of information, resources, educational videos, and contact information. www.how2loveourcops.org
- **Home Watch Family Conferences** held in various cities of the country. Watch for cities near you.
- We will continue to create new resources, programs, and events every year. **Follow us** for regular updates!
